

Where Innovation meets Sustainability!

About us

At **BeinGreen**, we are a leading provider of innovative and sustainable solutions for various industries. With a strong commitment to environmental responsibility, we develop and supply high-quality products that help businesses meet their sustainability goals without compromising on performance.

Our Mission

Our mission is to be a catalyst for positive change by offering eco-friendly alternatives to traditional products. We strive to make a significant impact on reducing environmental footprints while providing innovative solutions that meet the evolving needs of our customers.

Why Choose BeinGreen?

Sustainability: We prioritize sustainability in everything we do. Our products are developed using eco-friendly materials and manufacturing processes, ensuring minimal impact on the environment. By choosing BeinGreen, you contribute to a greener and more sustainable future.

Innovation: We are dedicated to continuous innovation, constantly exploring new technologies and methodologies to develop cutting-edge solutions. Our team of experts is committed to staying at the forefront of industry trends and delivering products that surpass expectations. Quality and

Performance: We understand that performance is paramount. Our products undergo rigorous quality control processes to ensure they meet the highest standards. We pride ourselves on delivering reliable, durable, and high-performance solutions that meet the unique needs of our customers.

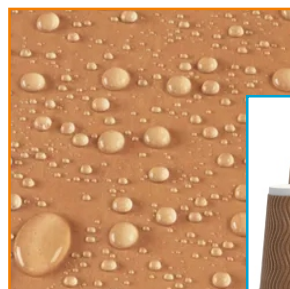

Customer Satisfaction: Your satisfaction is our top priority. We value open communication, transparency, and collaboration. Our dedicated customer support team is always ready to provide timely assistance, technical guidance, and personalized solutions to address your specific requirements.

Water Repellent Paper Coating

Water Repellent Paper Coating provides a very good barrier against Water, Oil & Moisture by using our proprietary nano coating technology. This coated paper can be used for numerous applications like paper plate, paper cup, mono carton etc.

BeinGreen offers rang of FDA & EU Recursion Approved speciality coating to make next generation packaging.

Product	Application Method	Viscosity	Gloss	Properties
HydraShield 101	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Premium nano emulsion which provides great water resistance for paper plate application.
HydraShield 102	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Premium nano emulsion which provides great water resistance for paper Cups.
HydraShield 108	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Premium Anti-microbial nano emulsion which provides great water resistance for Hygiene application.

Heat Seal Coating / Lacquer (HSL)

Heat Sealable Coating is specially developed to provide heat sealable property to coated surface. This enables coated surface to be used for machine applications at higher speed of production.

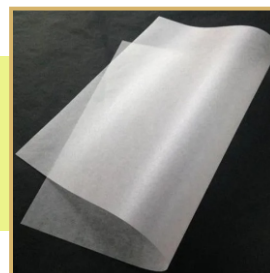

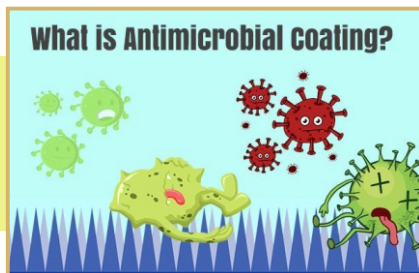

It can be used for e-commerce paper bags, paper pouches, thermal lamination etc.

Product	Application Method	Viscosity	Gloss	Properties
HydraSeal 401	Coating Machine	40-60 Sec	■ ■ ■ ■ ■	Nano emulsion which provides great Heat Sealing for paper to paper application.
HydraSeal 425	Coating Machine	40-60 Sec	■ ■ ■ ■ ■	Special Nano emulsion which provides great Heat Sealing for paper to PVC application.
HydraSeal 433	Coating Machine	40-60 Sec	■ ■ ■ ■ ■	Special Nano emulsion which provides great Heat Sealing for paper to PET application.

Coating Chemicals

Product	Application Method	Viscosity	Gloss	Properties
EcoBar 222	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Oil, Grease & Water Repellent
EcoBar 246	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Heat Sealable Oil, Grease & Water Repellent
OxyBar 258	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Oxygen barrier coating
MoistBar 266	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Oxygen and water vapour barrier coating
ProPrime 701	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	PVC Print Receptive Coating
ProPrime 702	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	BOPP, PET Print Receptive Primer Coating
HydraShield 105	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	High Gloss Coating
OPV 555	Coating Machine	35-60 Sec	■ ■ ■ ■ ■	Glossy Over Print Varnish
OPV M579	Coating Machine	35-60 Sec	■ ■ ■ ■ ■	Matt Coating
ProShine 1008	Coating Machine	40-60 Sec	■ ■ ■ ■ ■	Coating for Shine
HeatShield 248	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Heat Resistant Coating
ViroShield 633	Coating Machine	10-15 Sec	■ ■ ■ ■ ■	Anti-Microbial Coating
NaturaX 233	Coating Machine	-----	■ ■ ■ ■ ■	Wax Coating- Oil Proof
Scratchless 888	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Anti-Scratch Coating
SkidProof 121	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Anti-Skid, Anti-Slip Coating
ColourPlus	Coating Machine	40-60 Sec	■ ■ ■ ■ ■	Fluorescent Colour Coating
ProTech 999	Coating Machine	18-25 Sec	■ ■ ■ ■ ■	Protective Coating
Base/Pre Coat	Coating Machine	25-40 Sec	■ ■ ■ ■ ■	Pre-Coat before main Coat

Adhesives

Wood Adhesive

Product	Application Method	Properties
MegaBond SH	Manual / Machine	MegaBond SH is Premium wood adhesive developed for high strength wood adhesion for longer self life of furniture
MegaBond Marine	Manual / Machine	MegaBond Marine is Speciality wood adhesive designed to give high strength wood adhesion with water proofing Capabilities.
MegaBond D3	Manual / Machine	MegaBond D3 is Superior wood adhesive which give higher tackiness & higher water protection which enhances shelf life of material by many folds.

Paper & Packaging Adhesive

Product	Application Method	Properties
MegaBond Standard	Manual / Machine	Standard paper adhesive for affordable applications.
MegaBond Premium	Manual / Machine	Premium paper adhesive for higher strength
MegaBond SPA	Manual / Machine	Side Pasting adhesive for lamination boxes.
MegaBond LA	Manual / Machine	Paper to Plastic lamination adhesive.
StickIt 4444	Manual / Machine	Paper to foil peelable lamination adhesive.
StickIt 4442	Manual / Machine	Paper to plastic peelable lamination adhesive.
StickIt 4404	Manual / Machine	Paper tape adhesive.
StickIt 4440	Manual / Machine	Sticker paper / Pressure Sensitive Adhesive (PSA)

Specialty Additives

Product	Properties
Pigment Paste	Concentrated color pigment for vibrant colors
Dispersing Agent	It disperse solid particles in solution for better mixing
Binder	It binds material with surface
Defoamer	It reduces foam during the reaction
Thickener	It increases viscosity of the chemical
Anti-Microbial Agent	It increases shelf life of the material

Construction Chemicals

Product	Properties
HydraShield 125	Waterproof Polymer Coating
HydraShield 133	Cementitious Waterproof Admixture
HydraShield 156	Waterproofing Additive

Textile Chemicals

Product	Properties
Binder	It binds color pigment with textile surface
Amino Silicone Emulsion	It gives soft feel to textile
Wax Emulsion	It gives soft feel to textile
Finishing Agent	It gives rough or soft feel to clothes
Sizing Agent	It feels the pores and make it heavy
PolySol	It's a finishing agent
Pigment Paste	It is concentrated color paste used make inks
Defoamer	It reduces foam in chemicals
Dispersing Agent	It disperses pigment in solution

Agriculture Chemicals

Product	Properties
Dipping Oil	Removes waxy layer from gape surface
Nano Silver Hydrogen Peroxide	Nanotechnology based disinfectant

Emulsions

Product	Properties
AE 101	Styrene Acrylic Emulsion
AE 102	Pure Acrylic Emulsion
VAVI 105	VAM Viva Emulsion
PVAC 107	PVAc Emulsion
PWE 40	Paraffin Wax Emulsion
PEWE 40	PE Wax Emulsion
CWE 40	Carnuaba Wax Emulsion

Binders

Product	Properties
Paint Binder	Binds paint will walls
Textile Binder	Binds inks with textile
Khadi Binder	Binds inks with textile
Pigment Binder	Binds pigment with surface
Chemical Binder	Binds chemical with surface
Acrylic Binder	Binds pigment with surface
